Black Cumin Powder

Activia Nutrition has carved a niche for itself in the international markets as an Exporter and Supplier of Black Cumin Powder. Black cumin is grown through out Indian subcontinent and Arabia. It has many healing benefits. Traditionally consumed as a herbal life. Black cumin seeds were found in the tomb of a Pharaoh in Egypt. This medicinal herb is mentioned in the Bible as well as in the words of the Prophet Mohammed.

The first major study of *Nigella Sativa* in cancer prevention was performed by scientists at Cancer Immuno-Biology Laboratory of Hilton Head Island, South Carolina. They concluded that a healthy immune system will detect and destroy cancer cells before the cancer endangers the patient. The immune system does this by supporting increased production of immune cells, bone marrow cells, and B-cells that produce antibodies. Black cumin stimulates neutrophil activity. These are the short-lived immune cells that are normally found in bone marrow but mobilized into action when there is a bacterial infection.
